

**PRODUCT OVERVIEW**

ETI's full cutoff design maximizes light distribution and application spacing while **eliminating uplight**. It features three selectable CCTs and three selectable wattages—offering flexibility and efficiency.

Equipped with 0-10V dimming, universal 120-277 voltage, and Dusk-to-Dawn Photocell with enable/disable capability, this wall pack is ideal for security lighting around building perimeters and other applications where minimized light pollution is desired.

 **Color Preference®**     **3 LUMEN BOOST®**     **5 YEAR WARRANTY**

 **DLC LISTED PREMIUM**     **UL CERTIFIED**     **Wet Location**     **IP65**
